

RESUME FOR

FW Stark (SASC-SASO)

Born 25-04-1982

CAMERA, STEADICAM, ARRI TRINITY

Making outstanding visual storytelling possible is my passion, through lighting and by combining the technical and creative aspects of operating Steadicam and Trinity.

I have extensive experience in shooting commercials, features, drama series, corporates, live broadcasts and music videos.

After my tertiary education I worked as a runner, studio manager, then in audio recording and post, followed by data wrangling and focus pulling.

I was subsequently trained as a:

- DOP - by stalwarts Johann Scheepers (SASC), and Hans Kuhle (SASC).
- Steadicam Operator - by Garret Brown, Jerry Holway and Chris Fawcett in Sweden.
- Arri Trinity Operator - by Kurt Schaller in Germany.
- I am a proud member of “SASO”.
- International travel is no problem whatsoever.
